

Form for preparing quotations and commissioning for product-specific validations/verifications - Element analytics

(please fill in the blanks electronically)

Please complete the following table and send us the information sheet in advance by e-mail to sales@phytolab.de. Please tick the desired elements on the second page and define the corresponding limit values or the specification (spec.) for the evaluation of the result. If no limit value or specification is available, please devalue the corresponding fields with 'n.a.'.

General information:

(Please mark information not required with 'n.a'.)

Client of the validation/verification (company)	
Contact	
Name of the sample (Listed according to the information in the report; <u>important</u> : Please specify this name when ordering future routine samples)	
Product category (food, pharmaceutical, animal feed, other)	
Material no. (if available)	
Article no. (if available)	
Validation/Verification batch	
Sample composition	
Comments	

Further information:

Project scope	validation	verification	
Type of analysis	residue	content	
Certificate of analysis required for project batch	digital	printed	not required
Project report	digital eCTD version	scan original printout	original printout
GMP relevant	yes	no	

**Scope of analysis according to Ph. Eur.:**

Elements with Ph. Eur. limit values		
Cd limit/spec.:	Hg limit/spec.:	Pb limit/spec.:
Elements without Ph. Eur. limit values		
As limit/spec.:	Ni limit/spec.:	

Scope of analysis according to ICH Q3D:

ICH Q3D class 1 elements			
As limit/spec.:	Cd limit/spec.:	Hg limit/spec.:	Pb limit/spec.:
ICH Q3D class 2A elements			
Co limit/spec.:	Ni limit/spec.:	V limit/spec.:	
ICH Q3D class 2B elements			
Au limit/spec.:	Ag limit/spec.:	Ir limit/spec.:	
Pd limit/spec.:	Pt limit/spec.:	Rh limit/spec.:	
Ru limit/spec.:	Se limit/spec.:	Tl limit/spec.:	
ICH Q3D class 3 elements			
Ba limit/spec.:	Cr limit/spec.:	Cu limit/spec.:	Li limit/spec.:
Mo limit/spec.:	Sb limit/spec.:	Sn limit/spec.:	

Scope of analysis with other elements:

Al limit/spec.:	Au limit/spec.:	Br limit/spec.:
Ca limit/spec.:	Fe limit/spec.:	I limit/spec.:
K limit/spec.:	Mg limit/spec.:	Mn limit/spec.:
Na limit/spec.:	P limit/spec.:	Se limit/spec.:
Ti limit/spec.:	Zn limit/spec.:	

In order to prepare a quotation and process the validation/verification, we need all the relevant information listed in the table, if possible.

If you have any questions, please send an e-mail to sales@phytolab.de.

Our General Terms and Conditions, which are available to you and which can be viewed at www.Phytolab.com at the end of the website under „General Terms and Conditions“, shall apply exclusively.

Please label the samples according to the current GHS regulations.

Please enclose a safety data sheet with your consignment.
